

AP-206 FLOOR FINISH

SELF POLISHING FLOOR FINISH

UNPOLISHED MARBLES

UNPOLISHED GRANITES

CERAMICS & TILES

POROUS STONES

LIMESTONES

CEMENT

PACKAGING: 0,75L, 5L, 20L

COVERAGE

7 m²/L - 20 m²/L Depending on the absorbency of the surface. This estimation refers to a single coat of the product.

DURATION OF COATING

It is recommended to use a mild detergent for the cleaning of the surface, like AP-302.

PHYSICAL CHARACTERISTICS

Form:	Liquid
Color:	White
Odor:	Mild
Density at 20 °C:	1 gr/cm ³
pH:	8 at 25 °C
Flashpoint:	100 °C
Freezing point:	0°C

Stored at temperatures from 3 °C to 30 °C.

DESCRIPTION

Self polishing floor finish for marble, cotto, tiles, paver stones and granites. It protects the floors with heavy traffic. It is ideal for the protection and polishing of unpolished marbles and granites. It creates a protective film which provides a very shiny non yellowing polish that adheres extremely well on surfaces. It doesn't slip and it doesn't require buffing. It can also be used for the repair of the finish of old worn marbles, for the polishing of the edges of floors, marble tables counter tops. For even more protection the surfaces can be protected with AP-102 prior to its application.

APPLICATION

Before the application, try the product on a small surface to see if you have the desired results and ease of application. On a well-cleaned and dry surface, apply the liquid with a cloth. After about 2 hours you can apply a second coating following vertical movements to those of the first coating. Avoid usage at temperatures below 10 °C and under very intense sunshine. After application, you can clean the tools with hot water. For greater protection, you can waterproof the surface with AP-102 before the application. For the maintenance of the surface you can use a mild soap like AP-302 or AP-309. The treatment can be further maintained by mopping the floor with two cups of AP-206 diluted in a bucket of water.

INFORMATION ON STORAGE AND HANDLING

Keep out of the reach of children. Avoid contact with skin and eyes. In case of swallowing seek for medical advice immediately and show this container or label.
